Dear ELP Families,

Happy Summer!

On that note, I wanted to give you a head start on “Back to School” shopping. Below is a list of items that students in ELP will need next year. One item that will come in handy for all four years is a travel or flash drive. These can be purchased at most stores that sell computer equipment/supplies. I would recommend a 2 gigabyte capacity. They usually run about \$20. Watch for them on sale!

Some of the content areas have also included suggestions on how to brush up on skills over the summer. I encourage you to do so.

Please let me know if you have any questions about the supply list or summer assignment. Happy shopping!

Sincerely,

Jennifer Quinn
